

M-119 – TREE WORK PLANNED FOR THE MONTH OF NOVEMBER 2022

Please be advised, during the month of November crews will be working to limb and clear trees in the Right-of-Way along M-119 from Harbor Springs to Cross Village. The planned tree removal work will require some lane closures and when necessary temporary road closures. Crews will be working most weekdays (weather dependent) throughout the month of November. Please seek an alternate route to avoid potential travel delays during this time. Thank you for your patience!
